The Sycamore - *Waukesha*

1,652 Sq. Ft. | 2 Bedrooms | 2 Bathrooms | Lower Floor Plan

Cornerstone Development started with the simple idea that smart floor plans, high-quality building materials, and the right amenities in an association-maintained environment would give homeowners more of what they wanted, **Time**. And we've stayed true to that vision.

For more than 15 years we've been anticipating and accommodating the latest lifestyle trends. We've designed our communities with quiet streets and walking paths, perfect for exercising or taking a leisurely stroll. Our communities include well-appointed common spaces, both indoors and outdoors, plus the advantage of minimal maintenance. It's home ownership, without the hassle.

Aspen Overlook is one of our most unique lifestyle communities built on this tradition. This community has modern upper and lower attached condominiums with all the amenities that make condominium life hassle-free. Enjoy a private community dog park along with access to all the suburban conveniences that make Waukesha a great place to live.

Each Home Features:

- High-end finishes and options available
- Landscaping with irrigation
- Turn-key purchase (just like purchasing an existing home)
- Private community dog park
