Cornerstone Development started with the simple idea that smart floor plans, high-quality building materials, and the right amenities in an association-maintained environment would give homeowners more of what they wanted, **Time**. And we've stayed true to that vision.

For more than 15 years we've been anticipating and accommodating the latest lifestyle trends. We've designed our communities with quiet streets and walking paths, perfect for exercising or taking a leisurely stroll. Our communities include well-appointed common spaces, both indoors and outdoors, plus the advantage of minimal maintenance. It's home ownership, without the hassle.

The Grove in River Hills is our latest lifestyle condominium community built on this tradition. Enjoy shared spaces such as our clubhouse, pool, pickleball, golf simulator, and putting greens along with access to the natural 28-acre conservancy with walking paths.
