

The Kenzie - Pewaukee

2 Bedrooms | 2 Bathrooms

Cornerstone Development started with the simple idea that smart floor plans, high-quality building materials, and the right amenities in an association-maintained environment would give homeowners more of what they wanted, **Time**. And we've stayed true to that vision.

For more than 15 years we've been anticipating and accommodating the latest lifestyle trends. We've designed our communities with quiet streets and walking paths, perfect for exercising or taking a leisurely stroll. Our communities include well-appointed common spaces, both indoors and outdoors, plus the advantage of minimal maintenance. It's home ownership, without the hassle.

The Glen at Springdale is one of our newer lifestyle communities built on this tradition. This community has attached condominiums with all the amenities that make condominium life hassle-free. Enjoy shared spaces like our community clubhouse and pool, along with convenient access to shopping and dining in the Pewaukee and Waukesha areas.

Each Home Features:

- High-end finishes and options available
- Turn-key purchase (just like purchasing an existing home)
- Landscaping with irrigation
- Lawn service, snow removal, and maintenance
